**Notice:** This policy provides life insurance coverage for the lifetime of the Life Insured if sufficient premiums are paid until Age 121. Premium payments in addition to the planned premium shown may need to be made to keep this policy and coverage in force. Additional amounts are not guaranteed. Interest above the guaranteed interest rate is not guaranteed and the company has the right to change the amount of additional interest credited to the policy and the amount of cost of insurance or other expense charges deducted under the policy, which may require more premium to be paid than was illustrated, or the Policy Value may be less than was illustrated. Keeping the policy and coverage in force will be affected by factors such as: changes in the current cost of insurance rates; the amount, timing and frequency of premium payments; the interest rate being credited to the Guaranteed Interest Account; changes to the death benefit option; changes in the Total Face Amount; loan activity; withdrawals; and deductions for any applicable Supplementary Benefit riders that are attached to, and made a part of, this policy. Also refer to the Grace Period and Policy Termination provisions in Sections 10 and 11.

The policy value at the end of the No Lapse Guarantee Period shown on 3B may be insufficient to keep the policy in force. If so, higher premiums thereafter than what you have been paying will be required to keep the policy in force. Keeping the No Lapse Guarantee benefit in force will be affected by factors under your policy such as: the amount, timing, and frequency of premium payments; changes in the death benefit option; changes in the face amount; loan activity and partial withdrawals. You may contact us for more information about these requirements. The No Lapse Guarantee benefit terminates at the end of the No Lapse Guarantee period shown on 3B although the policy may still remain in force.
